"Dyspepsis," wrote Eugene Field, "often incapacitates a man for endeavor and sometimes extinguishes the fire of ambition." Though great despite his complaint Field suffered from indigestion all his life. A weak, tired stomach can't digest your food. It needs rest. You can only rest it by the use of a preparation like Kodol, which relieves it of work by digesting your food. Rest soon restores it to its normal tons.

Of Being "Notoriously Incompetent, Morally, Mentally and Physically."-George A.

Alexander the Only Commissioner who Escapes Grilling.

At a mass meeting of Okmulgee citizens the Creek Townsite Commission, with the exception of | George A. Alexander, were mercilessly grilled, in lurid resolutions which were later wired to President Roosevelt and mailed to the Secretary of the Interior.

After reviewing the wrongs inflicted on the Creek people by incompetent federal officers, the following is dadicated to the Town-

site commission: "Whereas, The rights of our citizens to purchase, and the rights of our citlzens to have their lots, lands and omes listed and appraised to them have been placed to the hands of the Creek Townsite commission, a commission having arbitrary and dictatorial powers, and as such has to pass upon and to adjudge the rights of our Chilis and Fever is a bottle of Grove's people in the premises herein, and Tasteless Chill Tonic. Therefore, be it Resolved. By the citizens of Okmulgee, in mass convention assembled, that the Secretary of the Interior be petitioned to have the said Tuttle and Line immediately removed from said commission, to the end that honest, competent and worthy men may be appointed in their

How to know when your horses teeth are not right. He will turn his head to one side while chewing, will spill food from his mouth and slobber; have swellings or lumps on the jaw or running sores on the jaw. All eig head or big jaw comes from bad teeth. Tossing the head, fighting the bit, champing the teeth, lolling the tongue, starts suddenly, stopping short, shying, driving sideways, lunging and running away—are some of the bad habits caused by the mouth being out of condition, with colic, indigestion and hide bound.

Cere all these habits and prevent and cure all these diseases by putting the teeth in perfect order. It is not the amount of food a horse eats that makes him fat, but the amount of food he digests.
